Output

```
Enter number of vertices: 4
Enter adjacency matrix (4x4), 1 for edge, 0 for no edge:
0 1 1 0
1 0 0 1
1 0 0 1
0 1 1 0
Enter starting vertex (0 to 3): 0
Visit order: 0 1 2 3

Vertices not reached from 0 (empty means fully connected from here): none
```
