Output

```
Enter number of vertices (at least 5 recommended): 5
Enter weighted adjacency matrix (5x5, 0 = no direct edge):
0 10 0 30 100
10 0 50 0 0
0 50 0 20 10
30 0 20 0 60
100 0 10 60 0
Enter source vertex: 0

Vertex  Shortest Distance from Source 0
0       0
1       10
2       50
3       30
4       60
```
